+ Birmingham Live Surgery Shoulder Course

Date: 13 May 2023

Venue: Queen Elizabeth Hospital, Birmingham, UK

Course description

This arthroscopic live surgery event held at the Queen Elizabeth Hospital in Birmingham will be live streamed from the theatre complex to the auditorium on-site, with an online dial-in option available.

The day will be focused on Shoulder Instability with presentations of tip and tricks for key arthroscopic techniques combined with moderated live surgery sessions.

Delegate will have an excellent opportunity to observe the following techniques:

- Bankart Repair
- Arthroscopic Latarjet
- Arthroscopic Bone Block
- Open Latarjet with Endobuttons
