

Job offer for Specialist in Radiology with experience in mammography in Norway

A vacancy as a staff specialist in radiology/mammographer is open at the Telemark hospital, in Skien. Telemark hospital covers all the municipalities in Telemark and around 170 000 residents. It includes the hospitals in Skien, Porsgrunn and Kragerø.

The position is divided between breast diagnostics and general radiology. The department has 115 employees. At the Breast Diagnostics Centre, it's performed relatively many cytologies of thyroid (US guided - about 5-10 per normal week) and biopsies of breast / axilla (up to 10 per week).

Skien is one of Norway's oldest cities, with an urban history dating back to the Middle Ages. In Skien you can find a wide range of stores, restaurants and parks. During the summer you can enjoy the beautiful beaches or you can take a boat trip in the famous Telemarkskanalen.

Tasks:

- Screening activity and clinical activity with extensive use of intervention.
- Endocrine imaging in form of ultrasound thyroid and ultrasound guidance FNAC.
- General radiology with planned and emergency operations.

We offer:

- Permanent contract after six-month trial period.
- Salary starting from 5000 euro net per month. Duties, if there will be, will be paid apart.
- Training courses within working hours.
- Help to find: apartment, school and kindergarten.
- Invitation to study tour to Norway after a first interview, to learn more about the region and the work environment.
- Assistance with removal and relocation costs.
- Free intensive Norwegian course, also for the family.
- Remuneration during the Norwegian language course of 700€ monthly net, a supplement for children of 70€ monthly net, free apartment and travel costs for the family.

All the services of MediCarrera are free of charge for the candidates.

Requirements:

- Specialist title in radiology with experience or specialist interest in breast diagnostic.
- Availability to complete the free Norwegian intensive course.
